

PORTRAIT SESSION PRICES

Most people who participate in portrait sessions are surprised at the concentration it takes to get that beautiful portrait happening, but are delighted by the fun of it all. We are passionate about making pictures - but we believe in having fun while we're at it! No need to get stressed if animals and small humans aren't in the mood, we always find a solution.

There are of three portrait session types:

1. Horse and Animal Portraits - Private Session Packages

We set up our portrait backdrop if conditions are safe. We then do formal and informal shots, as much as we can fit into the given time. We recommend a gathering of horse and animal owners to share the costs and we are happy to discuss various package options, obligation-free. A session can make an ideal gift - organise a surprise photo session and we'll bring the birthday cake!

The **INDIVIDUAL PACKAGE** is \$200 for a minimum two hour session, plus travel costs at \$30 per hour (first and last hour of travel free). A complimentary 9 x 12 inch print worth \$50 is included in the package, all other prints extra.

The **GROUP PACKAGE** is a four hour session costing only a bargain \$200 (plus travel costs). Designed for small groups with a maximum of 4 participants who pay a deposit of \$50 each on their prints. This means each participant receives a finely crafted portrait for around \$100.

The **CLUB PACKAGE** is an all day session, designed for Horse and Pony Clubs. With only the \$200 base session fee, this is a real bargain for larger groups. A minimum of 6 participants is required, each of whom pays a deposit of \$50 on their prints.

The **BIG GIRLS DAY OUT PACKAGE** is the blatantly sexist package, designed for women aged 21-101, who want to get together with girlfriends for a relaxed day of photography, picnicking and ponies and, most important of all, lots of laughs. The package is the same cost as the all day Club Package except that it also includes a picnic break, which can be a BYO picnic or we can provide food at extra cost, plus we we throw in a bottle of champagne for good measure. Note to Big Boys: we're not entirely sexist - you can join in, too... as honorary women :)

2. Horse and Animal Portrait - Horse Show Session 'by request'

Designed to be available to you when your animal is already prepared to look its best. Sessions are shorter than with private sessions and are priced at \$10-\$50 depending on the time we spend with you. You can ask us to do 'by request' photographs in or outside of the ring, portraits or action or, when we have our backdrop set up (only at select shows), we can do our unique classic portraits for \$20-50 per animal. Prints are extra cost.

3. Family and General Portrait Session

At only \$110 per hour with a minimum booking of one hour, plus travel at \$30 per hour (first and last hour of travel free), this is a real bargain portrait session - plus we come to you. A complimentary 6 x 8 inch print worth \$28 is included, all other prints extra.

All session fees must be paid on the day.

RETOUCHING PRICES

Standard enhancement is provided free of charge in the print price and includes colour correcting, cropping, resizing, tonal enhancements and, especially for horses, removal of flies. For budget priced 5x7 inch prints, we do no retouching and only minimal tone enhancements.

Retouching is at extra cost and includes removal of minor blemishes, shadow reduction, complex tonal and colour adjustments, minor background removals and removal of lead ropes.

Retouching costs \$10 - 100, depending on complexity of the job. This cost is only applied to the first print should you require multiple copies. The prints you may have seen on display at shows and events have been fully retouched for the finest result.

Commonest retouch items, such as removal of lead rope or skin blemishes, fall into the \$10 -30 category.
